MEMORANDUM FOR: Ambassador George Bush

SUBJECT : Miss Oriana Fallaci

Miss Fallaci, the famous Italian journalist, has been talking to me on the phone. She hopes to interview both you and Mr. Colby.

Mr. Colby has indicated he would not see her.

I recommend that you not see her, at least until we have a chance to discuss the whole problem of the foreign press. I think you should spend what time you can devote to the press with our own American correspondents during the early period of your tenure here.
